

Floorboard Safes

Specification

Designed specifically to sit between the joists of a wooden floor, the Stone Safes Floorboard Safe is an ideal safe to hide away beneath a timber floor, covered by carpets or rugs.

The Stone Safes Floorboard Safe is a large capacity steel box, engineered from 3mm steel and flock lined internally to prevent any damage to contents.

Finished in a metallic grey rust proof coating the Floorboard Safe is secured into position with coach bolts and fitted with a high security 7 lever safe lock as standard.

Supplied with 2 keys.

| Floorboard Safes | External (mm) | | |
|------------------|---------------|-----|-----|
| | H | W | L |
| Floorboard I | 130 | 205 | 395 |
| Floorboard II | 130 | 310 | 395 |

To enable continued product development we reserve the right to alter the specification without notice. All measurements must be considered as approximate.
